Hi George-

Per your request, please find attached the lists of federally recognized tribes published in the Federal Register from 1979 - 1996. Lists for the following years are attached:

- 1979
- 1980
- 1981
- 1982
- 1983
- 1985
- 1986
- 1988
- 1993
- 1995
- 1996

I was unable to locate lists for the following years: 1984, 1987, 1989-1992, 1994. It appears no lists were published those years (unless there's a glitch in the Federal Register database that's preventing me from finding them) and the first published list after passage of the 1994 Lists Act was in 1995.

Please let me know if you'd like any additional information.
